SITUATION IS GRAVE

AUSTRO-HUNGARY AND SERVIA MAY CAUSE TROUBLE.

VILLA'S AGENTS BUYING ARMS

News Reaches El Paso That Rebel General is Entrenching Himself in Chihuahua.

London.—European diplomacy is faced with a situation of extreme gravity in the controversy between Austria and Serbia. Unless it is handled with great delicacy it is not unlikely that others besides these two powers will become involved in war. An Austro-Hungarian ultimatum to Serbia, couched in a tone of almost unprecedented severity and fastening on the Serbian government and people responsibility for the assassinations of Archduke Francis Ferdinand and his wife at Sarajevo, has been presented to Belgrade. It demands satisfaction at once.

The almost universal opinion in the European capitals is that the Serbian government cannot comply with such humiliating terms as are set forth in the ultimatum, since compliance would be tantamount to an admission of Serbia's guilt. The Russian government already is seeking an extension of time for Serbia.

Montenegro Ready.

The efforts of European diplomacy, should the powers fail to avert the threatened war, will be devoted to localizing it. Montenegro has indicated its readiness to support Serbia in the event of an Austrian attack. This certainly would plunge the whole of the Balkans into hostilities. Austria is counting on the neutrality of its allies, Germany and Italy, but with the possibility of Russian intervention on behalf of Serbia, Austria would run great risks of risings among its own great Slav population.

A fact much commented upon by the European newspapers is that Austria has chosen a moment for the issuing of its ultimatum when President Poincare is absent from France and two of the Balkan premiers are abroad.

The Servian government is withholding publication of the text of the ultimatum in Belgrade.

El Paso, Tex.—Contrary to official Washington advice that the administration was meeting with success in pacifying different factions among the constitutionalists and that peace was near in Mexico, it was reported here on good authority that General Villa's agents were buying large quantities of arms at Chicago and St. Louis. Agents of the national constitutionalist government declared that none of the purchases had been made by General Carranza.

Coincident with this came further news that Villa was entrenching himself in his Chihuahua stronghold. Arrivals from Santa Rosalia, Torreon, Chihuahua City and other points said that those towns were placarded with appeals for enlistment in the army of the north. Two pesos a day was offered as pay, making a scarcity of labor in mines and on ranches. Opinions of officials and observers here still differed as to whether Villa would move south to Mexico City or remain in the north. The former belief was strengthened by the report that one of Villa's brigades, that commanded by General Raoul Madero departed from Chihuahua for the south, its destination not being given. Villa returned to Chihuahua City.

Defense Innocently Trapped.

Paris.—The defense in the trial of Mme. Caillaux for the murder of Gaston Calmette, editor of the Figaro, was caught in a trap innocently set by Mme. Gueydan, once the wife of the prisoner's husband. The principal argument of Maitre Labori, counsel for Mme. Caillaux, has been that his client was driven to shoot G. Calmette through fear that two letters of which she was unaware photographic reproductions existed, would be published by G. Calmette, and the secrets of her inner life thereby made public.

Women as Street Car Conductors. St. Joseph, Mo.—Women will act as street car conductors during one day next October on all lines in this city as the result of an arrangement made by the street railway management and representatives of women's clubs. All money collected in excess of the regular daily receipts will be given to local charities.

During the last week entries were made by plow and road grade manufacturers who will exhibit at the next state fair. Some distinct advances have been made during the last year and the new models in farm machinery will interest both the dealer and the purchaser of up-to-date implements for farm use.

Agricultural enthusiasts in a number of counties are preparing the county displays for the state fair. Exhibit space is being assigned by Superintendent William James of Dorchester. The agricultural exhibit of Nebraska has aroused envy all over the country. It promises to be a record breaker this year.

Shipments out of Omaha by parcel post have become so heavy that a new terminal railway postoffice for handling parcel post packages will be opened in the Union depot postal station by the railway mail service. Six or eight additional men will be employed in the department which will be installed in the basement of the Union depot station.

Lieutenant Governor S. R. McKelvie has left for a trip to New York, Philadelphia, Boston and other eastern points. He expects to be gone until September 1.

The Lusk-Wyoming Oil Co., which has been drilling for oil just across the state line from Harrison, in Wyoming, has abandoned the well at a depth of 2,250 feet on account of lack of funds. The drilling rig will be moved six miles west of the present site and a well will be begun for the Pine Dome Co. If this well is successful the abandoned well will be completed at a later date.

Governor Morehead has issued orders to Sheriff Hyers to release George Spinney, alias Frank Moore, the Denver man who pleaded guilty to stealing an apron, a pair of silk stockings and a looking glass from Mrs. Rhoda Wright on a Burlington train July 11.

Frank J. Ryan of Des Moines escaped with minor injuries after running his automobile into a wire clothesline at Twenty-fifth and H streets, Lincoln. The clothesline splintered the glass windshield, throwing glass in all directions and badly cutting Mr. Ryan's left hand.

WANT LEGISLATION

SCHOOL COMMISSION MAKES RECOMMENDATIONS.

TAKE SCHOOLS FROM POLITICS

Removal of the Major Educational Institutions From Political Field Is Planned.

Lincoln, Neb.—Removal of the state superintendent's office and the major educational positions from the field of politics is contemplated in recommendations to be made to the 1915 lawmakers by the state school law revision commission.

In its report the commission will give its reasons why submission and adoption of such an amendment would work untold benefits to Nebraska's school system.

Further than this the commission will recommend a more equal distribution of the school apportionment moneys, easier methods for consolidation of rural schools, more feasible plans for maintaining rural high schools, elimination of third grade certificates to eighth grade graduates, and passage of laws enabling school treasurers to draw interest money on district deposits.

Drs. Howard, Wolfe, Luckey and Caldwell of the state university were named on a committee to assist the commission in determining non-partisan methods for election of school system heads. The committee will report at a later session to be held by the body.

Tax Law Proving Its Value.

Lincoln, Neb.—Popularity of the corporation tax bill passed by the 1913 session at Governor Morehead's request and with assistance of the democratic house, advanced several notches when the Chicago, St. Paul, Minneapolis & Omaha Railroad company came in with a \$2,500 check and the Omaha & Council Bluffs Street Railway company and affiliated properties came in with a check for \$3,380.

Under the old law the companies would have paid \$675. The total in favor of the new law therefore is \$5,005. The Standard Oil company came in also with a \$400 check, whereas under the former statute its fee would have been not to exceed \$125, according to clerks in the office of the secretary of state.

Listed among the names of the affiliated properties of the Omaha street car system are the Metropolitan Cable company, the Omaha Cable Tramway company and other concerns whose names are not known to many present-day residents of the metropolis.

Knox County Decreases.

Lincoln, Neb.—Knox county has reported a decrease of assessed values this year. A report filed with the state board of assessment shows the total assessed value of all property in the county has decreased from \$1,006,543 to \$998,500. The county reports a decrease in the value of lands although 14,000 acres of accessible lands were added to the assessment roll this year. The counties of Furnas, Gage, Garden and Knox have not yet reported. In Gage county the delay is due principally to the attempt of the county board to change the valuation of horses and other live stock on a basis of the age of the animals. It is almost impossible for the assessor to figure out the result which the board desired to reach.

Will Delay Valuation.

Lincoln, Neb.—Officials of the engineering department of the state railway commission are not likely to be seen on the streets of Omaha and nearby cities and villages within the near future, making a valuation of the property of the Omaha & Council Bluffs Street Railway Co. For the state supreme court, which has had under consideration the question of the railway commission's right to compel such a valuation did not rule on the matter previous to summer adjournment. That means that the opinion will be stayed until fall and that after it is rendered there will be the customary legal delays for filing of motions for rehearing and other turns in the litigation.

No Action Taken.

The State Railway commission has decided to take no action in the agitation by Omaha parties looking to a physical valuation of the South Omaha stock yards until after the hog service rate hearing has been before the board. The commission wrote to the parties who had been looking up the matter stating that unless a complaint was entered the matter would go over until after the hog service hearing was completed.

Can Use the General Fund.

Lincoln, Neb.—A solution has at last been found by the State Board of Control of the problem of making up deficits in the maintenance funds.

Attorney General Martin has given an opinion in which he says that it is within the power of the board to use \$5,000 of its general appropriation for the purpose of making up the deficit in the maintenance fund for the girls' industrial school. This principle will apply equally well to deficits occurring in the maintenance funds of the other state institutions.

Charged With Burglary.

Lincoln, Neb.—Claud Aubrey, charged with burglarizing the home of Horace Boise in Grundy county, Ia., when the owner was visiting in California, was arrested at Auburn and will be taken back to Iowa on an extradition warrant issued by Governor Morehead. Aubrey was in jail in Grundy county on this charge, but escaped July 14. Among the articles taken from the house and which were found in Aubrey's trunk was a fur overcoat worth \$100, silverware and ladies' wearing apparel.

EDITORS HAVE GREAT TIME.

Spend a Day as Guests of Omaha and King Samson.

Omaha, Neb.—Nebraska and Iowa editors came to Omaha for the second annual Editors' day in summer, alternating with the state editorial association. Over a hundred had their reunion and outing, registering at the Rome, then going to the Commercial club for lunch, visiting personal friends later and at 3:30 massing at the Field club. There they saw a dance of five score children, and dined at six with Omaha bankers and governors. The editors from all parts of the

state were good naturedly whirled through the mystic maze of Ak-Sar-Ben's initiation at the big Den. It was a fitting climax to a day of entertainment for the editors set aside in Omaha. The classic coliseum was well filled and the total paid membership up-to-date, is 2,365 as compared with 2,250, the biggest total membership of any season, registered in 1912.

Just as the throng was making a rush for the doors of the banquet hall, Chairman Fraser held them long enough to allow Will Maupin, present editor of the Midwest Magazine, Lincoln, to toast E. V. Parrish for promises alleged to have been but illy kept. Just as the audience became excited, it was discovered that it was merely a "plant," for Mr. Shaffer of Alma, arose and presented Mr. Parrish with a swell silver cup, suitably engraved, a present from "the newspaper boys of Nebraska."

This expression of the executive committee told how the editors liked the day and night, the appreciation being signed by H. A. Brainard, Charles W. Pool, John M. Tanner, George S. Foxworthy, E. R. Purcell, A. V.

Shaffer, Horace M. Davis and Henry C. Richmond:

"In behalf of more than 100 newspaper editors and publishers of Nebraska, we acknowledge with deep appreciation its indebtedness to the bureau of Publicity of the Commercial club of Omaha and the Knights of Ak-Sar-Ben for a day in the metropolis filled with entertainment, enjoyable, instructive and beneficial. The unanimous verdict of the visiting editors is heartily in keeping with the brief expression of the appreciation they all feel for the courtesies which Omaha through the bureau of publicity has always shown the visiting scribes who, from one end of the state to the other, are now anticipating with much enthusiasm the next regular meeting of the association which will be held in Omaha."

McDermott Resigns His Seat. Washington.—Representative James T. McDermott of Illinois has offered his resignation to take effect immediately. McDermott is under charges in connection with the lobby investigation. McDermott, democrat, representing a constituency which includes the stock yards district of Chicago, was one of the figures in the exposure of Martin M. Mulhall, star witness in the lobby investigation. A majority report of the investigation committee the house recommended that he be censured.

Plan Has Been Abandoned. New York.—The tentative plan adopted a month ago by the bondholders' and stockholders' protective committee of the Chicago, Rock Island & Pacific Railroad company, has been abandoned and the syndicate which agreed to underwrite the reorganization has been dissolved. The official reason given for the failure of the negotiations, which extended over a period of three months, is that the accounting rules of the late state Commerce commission present almost insuperable difficulties.

Baby Has Nine Grandparents. Mrs. Sarah Elizabeth Goble, eighty-eight years old, of this town, became a great-great-grandmother today when a son was born to Mr. and Mrs. Jacob Lichtenstein of Bloomfield at the Mountaineer hospital, where, it was said, both mother and child are doing well. The grandparents of the child, which will be named Edward H. Lichtenstein, are Mr. and Mrs. Edward H. Ackerman of Montclair and the great-grandparents Mr. and Mrs. Isaac A. Dodd, also of this town.

Before her marriage, in April, 1913, the mother of the babe was Miss Harriett Greedy Ackerman. The child born today has living two grandfathers and two grandmothers, two great-grandfathers and two great-grandmothers and the great-great-grandmother, eleven granddaughters, eight grandaunts and three great-granddaunts. All of the family live in Montclair and adjacent towns.—Montclair (N. J.) Correspondent New York Sun.

RASH SPREAD RAPIDLY

Granton, Wis.—"My sister had a very bad, deep, wet, running sore on the side of her face and it ran up to her ear. It commenced with a small blotch of pimples which turned into a kind of rash and spread rapidly. It itched and looked red and sore for some time and slightly swelled. A thin fluid dripped and ran from the sores which looked like water. Then the swelling would go down and it would keep on spreading. It bothered her during sleep and she would be restless. It was a kind of eczema.

"She treated for some time and it did not help her. It kept spreading larger and deeper. Having always used Cuticura Soap we told her to try it so she got some Cuticura Soap and Ointment and used them. It was two months when it was gone." (Signed) Miss Emma Retzloff, Apr. 7, 1914.
